

TotalEnergies

Managed Fixed for Electricity & Gas Generation

Security & Certainty

No hassle, just security and certainty

How it works

You get a fixed commodity price for the contract term.

The commodity price is set when the contract is agreed and is not affected by subsequent market fluctuations.

Benefits

Have security in your generation price for the duration of your contract so you can plan ahead and budget.

No need to worry about market fluctuations or making transactions.

“ ”

I want certainty on my price and I'm too busy running my business to monitor and manage energy markets.

Key Features at a glance

Stable commodity price for the contract duration.

Hassle-free with no requirement to spend time and effort watching market price changes.

Enables better budgeting for generation value.

Pick a term from 1 to 5 years.
